STATINTL

! SUBJECT

Proposed

Effect of Federal Employees'

Group Life Insurance on Allotted Funds

1. Concur.

- 2. The subject matter is taken from present and forthcoming Civil Service Regulations.
- 3. The second sentence of second sentence of Paragraph a.(1) is a highly technical and practically improbable fact situation but serves as guidance for all basic fact situations. The Comptroller's Office hve determined that it was taken verbatim from a joint Civil Service General Accounting Office notice. I found it rather troublesome prior to this assurance.
